

TENDO'S® Alcohol Gel based on 70% alcohol, contains protective ingredients for the hands. This alcohol gel has a strong cleansing effect and is skin friendly.

- Contains at least 70% pure alcohol.
- The product does not leave unpleasant residues on your skin and is fast-absorbing.
- Contains skin care ingredients (including glycerin) to prevent dryness of the skin.

USE/QUALITIES

TENDO'S Alcohol Gel 70% is often used as an alternative to medical hand disinfection. With this alcohol gel you can clean your hands extra thoroughly without soap and water. Mind you, wash your hands regularly with soap for extra hygiene.

FEATURES

Colour	: bright and colourless
Density (20°C)	: approx. 0,9 kg/l
Flashpoint (Closed Cup)	: 23 °C

INSTRUCTIONS

TENDO'S Alcohol Gel 70% is ready to use. Wash the hands thoroughly with soap and water and dry them off. Apply enough gel to the dry hands to keep the hands visible and/or noticeably moisturized for 30 seconds. Rub your hands completely dry with the same movement you make when the hands are washed with soap and water. After this, the hands should not be rinsed

SAFETY INFORMATION

The product is flammable and should remain removed from sources of ignition. Avoid eye contact. If inhaled, dizziness may occur. The user of this product must comply with national health, safety and environmental laws. For more information on the composition, the most up-to-date safety data and disclaimer, see the EC safety information sheet (MSDS).
