TENDO'S

HANDALCOHOL 80% WHO

TENDO's Handalcohol 80% WHO, contains protective ingredients for the hands. This product has a strong cleansing ability and is skin-friendly. The alcohol-based hand sanitizer is produced entirely in accordance with the composition of the WHO (World Health Organisation).

- Contains at least 80 % Ethyl alcohol.
- This product is well absorbed by the skin.
- Contains skin care ingredients (amongst others Glycerin) to prevent skin dehydration.

USE/QUALITIES

TENDO'S Handalcohol 80% WHO is mainly used for disinfection, particularly in the health care sector. With this hand alcohol you can clean your hands extra thoroughly without soap and water.
Mind you, wash your hands regularly with soap for extra hygiene.

FEATURES

Colour	: bright and colourless
Dichte (20°C)	: approx. 0,84 g/ml
Flammpunkt (Closed Cup)	: 20 ºC

INSTRUCTIONS

TENDO'S Handalcohol 80% WHO is ready to use.
Wash the hands thoroughly with soap and water and dry them off. Apply enough alcohol to the dry hands to keep the hands visible and/or noticeably moisturized for 30 seconds. Rub your hands completely dry with the same movement you make when the hands are washed with soap and water. After this, the hands should not be rinsed.

SAFETY INSTRUCTIONS

The product is flammable and should remain removed from sources of ignition. Prevent eye contact.
Inhalation may prevent dizziness.
The user of this product must comply with national health, safety and environmental laws. For more information on the composition, the most up-to- date safety data and disclaimer, see the EC safety information sheet (MSDS).
